WANT CASE PROBED

Ban Johnson Will Make League Give Report.

President Ban Johnson of the American league may attempt to prevent the National league from dropping the so-called umpire scandal, which resulted from Klemm's affidavits to the effect that somebody had offered him money before the Cub-Giants' saw-off on Oct. 8.

At the time the National league announced the case, it was hinted that Klemm's would-be tempters were close friends of the American league man and that possibly what one man knew the other might be in with. Therefore, Mr. Johnson is going to try to force a complete report by the special committee appointed to probe Klemm's story.

MARATHON RACE AT EAST CHICAGO FEB. 22

Lake County Will Get a Taste of New Popular Sport.

AT THE LEWIS SKATING RINK

Korler, Hobart Star, Says Place Is an Excellent One for Training

—Entries Now Open.

(Special to THE TIMES.)
East Chicago, Ind., Feb. 10.—Are you ready to get on your marks? Get set! Go! Lake county sprinters, young and old, and in fact anyone who has a good lot of wind and a pair of rubber soled shoes have an opportunity to try a real Marathon. Lake county is to enter the list of Marathon-stricken cities and on Washington's birthday—Feb. 22—the Lewis rink will be in readiness for the event.

Manager Lewis decided upon the acceptance of the novel entertainment yesterday afternoon, after watching Korler, the Hobart star, run several miles around the rink floor. Korler was highly pleased with the rink as training quarters and is becoming more and more confident that he will be able to make good in the Riverview races on Friday night. Korler will no doubt enter for the Lewis rink event on the 22nd and while he is somewhat above the usual in running ability, there are plenty of youngsters in Lake county who can make good on the endurance question, for Marathoning is due entirely to ability to judge the pace of the opponent and ability to "stick to it."

The race at the Lewis rink, as now proposed by Manager Lewis, will be for sixteen miles, although the stretch may be changed to include a twenty-five mile dash.

Entries Now Open.

Entries for the race may be made either through THE TIMES or direct to Manager Lewis. The only restriction placed upon any runner is that he must be an amateur—registered under the rules of the A. A. U., which governs all amateur athletic sports. An effort will be made to secure entries from Hammond, Whiting, Crown Point and Gary and Manager Lewis is confident that at least two entries should be secured from each city. High school students are to be made especially welcome and as the date is near the opening of the spring training season, no better start could be made by the sprinters as an opener for the field meet training campaigns.

ELLISON SELLS STOCK

Chicago Turfman Sees the Handwriting on Wall.

San Francisco, Feb. 9.—"Lucky" Charlie Ellison of Chicago, the well-known owner of race horses, has decided to sell his string and give up the racing game on account of the recent adverse legislation against the race track. With the opening of the present season at Emeryville he brought out a string of horses which he had raced in the east. He has already disposed of his contract on Jockey Butler and he will sell his horse as rapidly as possible.

PACKEY CANCELS HYLAND FIGHT

Illness of Mother Forces McFarland to Return.

San Francisco, Cal., Feb. 9.—Packey McFarland, the Chicago lightweight, has called off his fight with Dick Hyland on account of the illness of his mother in Chicago and has left for his home. The bout, which was to have taken place Washington's birthday, would have been the star bill of the month on the coast.

New Orleans, Feb. 9.—Freddie Welsh, the English lightweight, who is here for his bout with Frank Erne Feb. 20, posted \$2,000 as a forfeit to bind a match with Bat Nelson. MORAN WHIPS BALDWIN IN A SAVAGE BATTLE

Boston, Mass., Feb. 9.—Just to show

Boston fans that there are two English boys who can whip the lightweight pride of this town, Matty Baldwin, one Owen Moran did the same thing to Matty for twelve rounds at the Army A. A. last night that Driscoll had done a few weeks previous. In a savage fight the Briton gave Matty a fine lacing and easily earned the decision which he was awarded at the finish of the encounter.

Moran outclassed Baldwin at the fine points of the game, was his equal at all others, and the result could not have been otherwise except for an accident to the Briton. The way Moran danced around Baldwin, cut him up with lefts and rights to the face, frequently escaping without a sign of a return, made the big crowd gasp with astonishment.

The little Briton, with all his cleverness, showed also that he is a real fighter. Time and again he stood toe to toe with the sturdy local lad and slugged away for dear life, and almost

invariably Baldwin was the one to show that he didn't relish such work by worming into a clinch.

Baldwin simply could not keep away from Moran's left jabs. Owen shot his left to Matty's face without number left to Matty's face. Times without number in every round and Matty appeared helpless to stop the punch. As early as the fourth round Matty's right eye was closed and he was troubled to locate the Briton with his one good optic the rest of the way.

Moran cut Baldwin's face up badly and Matty was anything but a pleasant looking sight at the finish. The Briton also did a lot of damage about the body. Baldwin did his best work in the clinches, managing to punish Moran about the kidneys on several occasions, but never enough to slow him up.

The last round was a fierce setto all the way, with Moran having a big shade all the way through the bout. However, Baldwin was still full of fight and showed no signs of being unable to stay several rounds more.

SPLIT UP TERRITORY GOVERNOR'S STAND ON FIGHTING

Will Order Prosecution if Evidence of Bout Is Presented to Him—Knows of no Violation During His Regime Thus Far.

TIMES BUREAU AT THE STATE CAPITAL.
(Special to THE TIMES.)

Indianapolis, Ind., Feb. 10.—If the prosecuting attorney in any county where a prize fight takes place does not prosecute the offenders Governor Marshall will instruct the attorney general to go to the place of violation and prosecute the violators.

"But," said the governor today: "I am not going to pre-judge men. I am not going to say that a man is a criminal before he commits any act, and I am not going to make any grandstand plays. When any citizen furnishes me with information that a prize fight has taken place in Indiana I will notify the prosecuting attorney to proceed against the participants and if he fails to do so I shall instruct the attorney general to conduct the prosecution in the name of the state."

The position of the governor on the question of prize fighting is made clear by the fact that there is a clamor that it is up to him to stop it. So far as the governor knows there has not been any prize fighting in Indiana.

FALLING BRICK BATS ENDANGER LIVES

East Chicago Druggist May Get Out an Injunction.

MRS. GOODFRIEND INJURED

Sidney Veaco, Who Occupies Old Postoffice Building, Seeking Another Location.

(Special to THE TIMES.)

East Chicago, Ind., Feb. 10.—The dismantling of the old postoffice building has resulted in one injury, and on the grounds that the falling of bricks about his store annoys his customers, Sidney Veaco, East Chicago's popular young druggist, may bring injunction proceedings against the owners of the building. The accident, while not serious, might have been fatal, and while not serious, might have been fatal, and while his arm was not broken by the blow, Mrs. A. S. Goodfriend of One Hundred and Forty-fifth street, is suffering painful bruises. She was struck on her arm by a brick falling from the third floor of the building, a distance of about fifty feet and it was by the narrowest margin that she escaped a fearful blow on the head. Mrs. Goodfriend was emphatic in her denunciation of the contractors for not placing railings around the building and shortly after her narrow escape large boards were placed in front of the scaffold work on Chicago avenue.

Looking for Another Site.
Sidney Veaco is still occupying his former stand in the post-office building. Although proceedings have been filed against him in a Hammond justice court demanding the surrender of the property, Mr. Veaco has employed competent counsel and by securing changes of venue and continuances has been able to retain his location. He is perfectly willing to move, however, as soon as he can get a good location, and until he does move he does move, declares that he does not propose to have the lives of his customers endangered by falling brick-work. The filing of injunction proceedings would undoubtedly mean the delaying of building operation for at least several weeks. The addition in the rear of the building is almost completed, a force of men working every day in the erection of the walls. The laborers have also damaged the interior of the build to such an extent that it has been necessary for Mr. Veaco to brace up the ceilings and side walls with large timbers. During storms rain pour in through apertures made by the contractors and Mr. Veaco declares that he will make the building owners pay for every cent worth of goods damaged.

One question that is still unsettled in the light of the governor's declaration, is that of what constitutes a prize fight. Mayor Bookwalter of this city said yesterday that the contests which are held in this city are not prize fights, but boxing contests, and that there is no law to prohibit them.
